

Project Testament

Final Project and Presentation

About this Document

Fill out this document and turn it in as part of your Final Project and Presentation submission. You will most likely want to print, sign, and scan this document, but you may use an image editor if you are able to sign your name with a digital pen.

Carefully complete each section. If this document isn't correctly filled out and submitted with the assignment, **the assignment grade will incur heavy penalties.**

Basic Information

Course Number (e.g., CPSC-120)	CPSC 411A
Course Section (e.g., 02)	411A-04: Tuesdays and Thursdays in CS-101
Your full name(s) (use the name associated with our school)	Name : Anusha Hadagali CWID : 885451450 Name : Surraj Kumar Prabhu Venkatesh CWID : 885198499 Name : Annamalai Arumugam CWID : 885196774 Name : Harshith Harijeevan CWID : 885187955

Items Completed

Clearly mark one of the check boxes in each row to confirm whether each of the following items have been completed. Carefully check each row for accuracy; Each incorrectly marked row may carry a **huge penalty on this assignment's grade and be subject to our institution's academic dishonesty policies.**

Additionally, add a **typed** description of where each item can be found in your app, and how to get there easily.

Completed	Not Completed	Item
<input checked="" type="checkbox"/>	<input type="checkbox"/>	The signed and completed version of this document is present in the repo as a multi-page PDF, not several image files.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Callbacks How to find: In QR Code application: SplashActivity: onRequestPermissionsResult() onCreate(), ScannedHistoryFragment: onCreateView()
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Logging How to find: Speech2txt.kt, TranslateText, ImageToText, LoginActivity
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Layouts How to find: Constrain layout : activity_translate_text, landing_main.xml, menu_activity.xml
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Resources How to find: images we are using in landing_main.xml, speech2txt.xml
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Resources (extra credit) How to find: We have used Audio in Speech2txt.kt

Completed	Not Completed	Item
✓ <input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Resource qualifiers How to find: Resource layout: activity_image_to_text.xml, activity_main, activity_translate_text.xml menu activity
✓ <input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: Persistence How to find: code is present in ImageToText
✓ <input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: UI Flexibility How to find: Fragment Controller is present in QRScannerFragment
✓ <input checked="" type="checkbox"/>	<input type="checkbox"/>	Requirement: RESTful Interactivity How to find: spech 2 text
